ERAT

residence

**Discover closeness
at Alam Impian**

The peak of
communal living.
**Right at
the heart of
Alam Impian.**

Just 60 units per acre.

Ensuring lots of space for togetherness,
ERAT is a low density development with
only 269 units sitting on top of 4.49 acres.

A perfect place for generations, and generations to come.

Youniversal Design makes this a multi-generational and multi-ability residence. Which means, easy accessibility for those in their golden years or anyone in a wheelchair, from bedroom to bathroom and all the way to common areas, facilities, features and more.

ERAT is built to last, and is spatially designed with useful features for ageing in place. This is a forever home, made practical for the long term.

Songket

the art of bringing fabrics, materials and elements together, is used as a design element throughout ERAT.

The landscaped ground is a signature feature of a unified and fluid design, encouraging connectivity and relations between family, friends, community and nature. Intertwining and weaving layouts with art sculptures and features are composed into the development.

The 'linking and tightening' landscape design is coupled with an architectural concept of structured knots, both inspired by Songket patterns.

Thoughtfully made
for the joys of
communal living.

Swimming Pool

Activities:

- Activity Space
- Library
- Reading Room

Get-togethers:

- Resident's Lounge
- Communal Kitchen
- Sports Hall
- Surau
- BBQ and Picnic Area

- Sports hall
- 320m walking track around the condo block
- Open lawn and pocket garden

For safety and security.

- CCTV at key areas
- Access card control
- 24-hour security

Youniversal Design, is design reimagined for everyone.

What is Youniversal Design?

It is a thoughtful and useful design concept that ensures accessibility, safety and convenience for all ages, sizes and abilities throughout ERAT. Every detail is taken into consideration, from having ramps, to wider doorways and corridors, to fire safety, and more, because togetherness and happiness is key.

- Minimal floor drop with ramps at unit entrance, yard, and toilets for wheelchair access
- 900mm clear opening at designated doorways inside units for wheelchair access
- Spaces with wheelchair turning radius inside units and designated toilets
- Lever type door locksets for easier operation
- Large-gang electrical switches at 1,100mm height
- Wider fire escape for stretcher access in one of the staircases
- Fire refuge area at every staircase
- Wheelchair accessible landscaped parks, walkways, and carpark
- Wheelchair friendly panels, braille buttons and voice announcer in lifts
- Signages with braille at key common areas
- Tac tiles on floor in key common corridors
- Convenient access from residential building to the carpark, with some units located on the same floors as the carpark
- Wider carpark ramps (4000mm clear width)
- Steps and handrails in pools for extra support
- Raised swimming pool for added safety
- Fenced playground

Design reimagined for the environment, too.

- Optimal north-south orientation for cooler interiors
- Rainwater harvesting tank for landscape watering
- Low VOC wall paint
- Dual flush toilets for lower water usage
- Centralized filter for main incoming water supply
- Waste separation and recycling bins
- Covered carparks
- Extra green area

**The uncommon
common spaces.**

T architect

T&T Architect was founded upon the principles of consistent innovation and commitment to quality, with works featured in numerous publications like Architect Malaysia (AM), Star Paper, The Edge, Haven, In Design, Creative Home, China Press, Red Tomato and Impiana. Their designed homes have appeared in movies and featured in Astro. T&T Architect has received The Edge Dream Home Award, PAM Award, iProperty Best Landed Property Award, 30 Under 40 Emerging Malaysian Architect and BCI Asia Top Ten Architect Award.

An Associate Professor at University of Malaya since 1997, Dr. Naziaty has taught a myriad of courses including design theory and universal design. She has since obtained a doctoral degree from the University of Salford and has been a disability advocate in Malaysia since 1998. In addition to being the Co-chairperson for Harapan OKU Law Reform Group and a National Council Member for the 'Persons With Disability Act 2008', she has been an expert reference in Accessibility and Universal Design for UNESCAP since 2014.

Ambieuu Landscape Sdn Bhd is an upcoming fresh landscape firm based in Kuala Lumpur specializing in the designs of new landscape projects. It is currently headed by two senior corporate members of the Institute of Landscape Architects Malaysia (ILAM), with experience in Commercial, Residential, Resort and Master Planning projects. The company's roots to bearing brilliant results are in its strong team, vast site experience and versatility.

Momentum Studio, a young and humble interior design firm. Born out of the desire to provide personalized, intimate and quality works for our clients, our approach to interior design is to be flexible, adaptable and open-minded to new design styles and ideas, with no influence of our preferred style. We strive to marry strong design fundamentals with our customer's needs. That's why, we believe that our journey through design discovery should always start with the right Momentum.

GDSS SYSTEMS SDN BHD has been a security consultant to corporate and governmental clients since 2003. GDSS's projects include MK Land, Mah Sing Group, Desa Park City and Uda Holdings Bhd, where GDSS was responsible for the design of the Sungai Buloh prison and Tapah prison.
